Discussion:

REP. DOWELL explained the amendments.

Vote: Voice vote was taken. Motion carried unanimously.

Motion/Vote: REP. DOWELL MOVED HB 492 DO PASS AS AMENDED. Voice vote was taken. Motion carried unanimously.

EXECUTIVE ACTION ON HB 581

Motion: REP. BOHLINGER MOVED HB 581 DO PASS.

Motion/Vote : REP. SIMON moved to adopt the amendments to HB 581 with the exception of (m) and (n) in amendment 4. Voice vote was taken. Motion carried 15 to 1. REP. SQUIRES voted no.

Motion: REP. BARNHART moved to put (m) and (n) of amendment 4 back in.

Discussion:

REP. RICE said the people who helped write the bill wanted a representative of the National Association of Housing and Redevelopment Officials and a representative of the Neighborhood Housing Services in the bill. REP. RICE said she didn't want to kill the bill on the basis of (m) and (n).

REP. SIMON said it wasn't his intention to kill the bill on the basis of (m) and (n). The balance of the task force is getting tilted toward the public housing sector side of things. Montana's housing problem is broad based and doesn't affect just public housing.

Vote: Voice vote was taken. Motion carried 14 to 2. REPS. SIMON AND BERGMAN voted no.

Motion/Vote : REP. RICE MOVED HB 581 DO PASS AS AMENDED. Voice vote was taken. Motion carried unanimously.

CHAIRMAN BOHARSKI turned the chair over to VICE CHAIRMAN SIMON.

HEARING ON HB 619

Opening Statement by Sponsor:

REP. TIM WHALEN, House District 93, Billings, said HB 619 clarifies that the lien of certain medical practitioners applies only for services relating to the diagnosis and treatment of medical conditions. It is an amendment to the Health Care Lien Act. A year ago while representing an elderly lady who had

slipped and fallen in a Buttreys store, a trial deposition was taken of the medical doctor who had treated her injuries. Under law the doctor is entitled to a \$10 witness fee which was offered to him. The case was settled, and the doctor sent REP. WHALEN, who had represented the injured woman, a bill for \$500, marked for medical services, for giving his trial deposition testimony. Issues such as this are not mentioned in the Act. The purpose of the Act is to make sure that services provided by health care providers for the diagnosis and treatment of injuries or illnesses will be covered, as opposed to such things as deposition fees and collection costs of the bill.

Proponents' Testimony:

None

Opponents' Testimony:

None

Informational Testimony:

None

Questions From Committee Members and Responses:

REP. SIMON said there are some things that might not fall under diagnosing and treating, but are still within the scope of practice. REP. SIMON asked REP. WHALEN if "within the scope of practice" would be more accurate terminology than "diagnosis and treatment of a medical condition." REP. WHALEN said he had no objection to the change in wording. REP. SIMON asked David Niss, Legal Counsel, for his comments. Mr. Niss said to keep in mind that there may be a statutory definition of the scope of practice for each of the professions. If there isn't, the next step would be to find out whether the kind of act, such as testifying at a deposition, is within the scope of any of those practices. If it is, nothing has been accomplished.

Closing by Sponsor:

REP. WHALEN closed.

HEARING ON HB 623

Opening Statement by Sponsor:

REP. DUANE GRIMES, House District 75, Clancy, said HB 623 requires that a person be a resident of Montana to qualify for receipt of full general relief benefits; defines a resident as a person who has lived in Montana for at least three months, and grants reduced general relief benefits to persons new to Montana. When people move into Montana, they would received \$100 less in

had any problem. He stated the Board is trying to keep the ability to administer and control both dog and horse racing. Mr. Murkett stated without the amendment by Senator Rea, legislative action would need to be taken to allow for any other form of racing.

Senator Christiaens stated he felt there needed to be a clarification of other animals besides hamsters, gerbils, and pigs. He stated some small towns also hold chicken races.

Senator Lynch stated bills will come in when the issues arise. He stated the reason HB 433 came before the Committee was to clarify the law to allow for pig racing at the one place in Bear Creek.

Vote:

The motion CARRIED 9 to 3, with Senator Harding, Senator Klampe and Senator Christiaens voting NO.

Motion/Vote:

Senator Mesaros moved HB 433 BE CONCURRED IN AS AMENDED. The motion FAILED on Roll Call Vote.

Motion:

Senator Harding moved HB 433 BE NOT CONCURRED IN AS AMENDED.

Motion/Vote:

Senator Christiaens made a SUBSTITUTE MOTION that HB 433 BE TABLED. The motion FAILED by voice vote.

Motion/Vote:

Senator Harding moved HB 433 BE NOT CONCURRED IN AS AMENDED. The motion CARRIED by Roll Call Vote.

HEARING ON HB 619

Opening Statement by Sponsor:

Representative Tim Whalen, House District 93, stated HB 619 would allow for any money received in the settlement of a case to go to any outstanding medical bills. He stated HB 619 would make sure there are funds available for services provided by health care facilities, or other providers in the diagnosis and treatment of individuals. He stated HB 619 would protect the funds from being charged for collection costs and attorney's costs. He stated HB

619 would clarify that any lien is attached only to the items listed in the statute. He stated he would like to propose an amendment to substitute "medical" and insert the word "health" throughout HB 619 (Exhibit #4)

Proponents' Testimony:

Jerry Loendorf, Montana Medical Association, stated he supported HB 619 with the proposed amendment. He also supplied the Committee with some proposed amendments to HB 619 (Exhibit #5).

Opponents' Testimony:

None.

Questions From Committee Members and Responses:

Senator Christiaens asked Representative Whalen how a professional who participated in a medical case would be paid. Representative Whalen stated the attorney makes the arrangements with the witnesses. He stated sometimes it is necessary to develop testimony from someone who is not a favorable witness. He added that under those circumstances, the attorney has the right to have a subpoena issued to obtain the information. He stated rather than issuing the subpoena, the depositions are taken in the office of the witness.

Senator Klampe asked Representative Whalen if he was an attorney. Representative Whalen answered he was.

Senator Klampe asked Mr. Loendorf why he supported HB 619. Mr. Loendorf stated the liens would only apply to health care services. He stated HB 619 would deal with isolated instances.

Closing by Sponsor:

Representative Whalen stated the purpose of HB 619 would be to protect the provider of medical services and to save the consumers from losses from disputes over medical bills. He stated the purpose of the health care lien law does not strip the provider of the right to bill for their services which are not health care related.

EXECUTIVE ACTION ON HB 449

Discussion:

Senator Lynch stated there was an amendment which changed "bottled honey" to "honey in the comb".

EXHIBIT NO. 5

BILL NO. H3 619

Discussion:

Senator Gage stated he felt the word "rural" should be specifically defined.

Mr. Campbell stated there is no definition of "rural" in the codes, but he felt they should wait until there is a problem with the definition and then address it.

Senator Brenden stated rural communities are losing population and they do not have police protection or fire departments in the unincorporated towns. He stated insurance rates are high for those areas because of inaccessibility to these services. He stated the mutual insurance companies are trying to increase the number of people they can insure so they can offer competitive rates. Senator Brenden stated "rural" replaced "farms" so there would be an increase in the insured population.

Senator Mesaros stated the change in language was necessary because of the shift in population centers and because there were people living in rural areas who do not farm or ranch.

Senator Christiaens stated the State Auditor supported HB 575 and they stated other insurance companies have no problems with the coverage of farm mutuals.

Senator Gage stated HB 575 would create more competition which is favorable for the consumer.

Vote:

The motion CARRIED UNANIMOUSLY.

EXECUTIVE ACTION ON HB 619Discussion:

Senator Klampe stated he felt billing and interest charges should be included in the liens. He also stated HB 619 would not control the charges by the attorneys.

Bart Campbell stated HB 619 conflicted with HB 352 stated instructions had been made so the two bills would be coordinated (681405SC.Sma).

Motion/Vote:

Senator Christiaens moved HB 619 BE AMENDED. The motion CARRIED UNANIMOUSLY.

Motion:

Senator Klampe moved HB 619 BE TABLED.

Discussion:

Senator Lynch stated HB 619 should not be tabled because the lien was never intended for anything other than medical services provided. He stated HB 619 would prevent the medical profession from "over-billing" a client.

Senator Gage asked if the word "medical" had been changed to "health". Mr. Campbell stated the change proposed by Ms. McCue would not solve any other problems associated with HB 352. He stated the Medical Association wanted to add "and products" to HB 619. Mr. Campbell stated he had added that change to HB 619.

Vote:

The motion FAILED on ROLL CALL VOTE.

Motion:

Senator Mesaros moved HB 619 BE CONCURRED IN AS AMENDED.

Discussion:

Senator Rea asked what would happen if HB 352 did not pass. Senator Lynch stated HB 352 was already passed.

Vote:

The motion CARRIED UNANIMOUSLY.

EXECUTIVE ACTION ON HB 635

Discussion:

Senator Klampe stated he felt HB 635 needed to be written more specifically. He asked how a filing officer would be able to determine if a lien was improper or fraudulent and stated the requirements for determination should be listed in HB 635.

Senator Mesaros stated the testimony claimed there were obvious things which would make a lien fraudulent. He stated the discretion was up to the filing officers.
